

GAP COVER

What is GAP Cover?

GAP Cover is a complimentary insurance product which covers shortfalls on approved in-hospital specialist claims, specific out-of-hospital costs related to an admission, and co-payments.

I have a medical aid, why do I need GAP Cover?

Having a medical aid is not always enough....no medical aid covers everything in full.

GAP Cover Options

There are many gap cover providers in the market, with many different options.

In most instances, by choosing the Top GAP Cover option, it should compliment your medical aid option sufficiently.

If you are on a medical aid option where there are no limits on Oncology Cover or there are no co-payments, you might be able to look at a GAP Cover option that are a bit cheaper, with less cover.

GAP Cover Premiums 2018

GAP Cover premiums for 2018 range from R100 – R575 per month*

(depending on your age and size of family)

*based on information available as at 20/09/2017
